**International opportunities and events for
students and graduates**

Love your career? Love Airbus

Current open positions for students and graduates

This is the new edition of the Airbus Newsletter focusing on career opportunities in Airbus. Information about open graduate positions and early career entry programmes can be found on our career website at www.airbus.com/work. Most roles can be accessed by clicking the “Apply Now” button except where stated otherwise. The positions listed for Airbus will be visible on the system as long as they are available. Once a position has been filled the reference and job description will disappear, so we encourage you to be proactive in applying.

INTERNSHIP OPPORTUNITIES IN THE UK

The application process for our 2014 Internship programmes in the UK is **OPEN** until 31st December 2013.

Our internships are paid and give you the chance to experience real challenges and discover what it’s like to be part of an international team. As an intern you would also have the opportunity to take part in a number of exciting voluntary activities.

Billy Symonds and Airbus' Hristina Dimova ready for take-off during the “Aim High” event for Work Experience pupils.

To qualify for an internship you must be enrolled in a university and seeking a placement between six months and a year. To find out more about UK based internships and **apply**, visit: <http://www.airbus.com/work/early-careers/internships/internships-in-the-uk/> before the closing date.

We have also developed our programmes to enable you to apply for a placement outside of your home country (depending upon local employment legislation). Application dates for these internships vary so please check the relevant vacancy specific details.
